\*MEAC is a decades-old, 3-day conference bringing together Alateens from all over Virginia and North Carolina to share recovery at a youth camp outside of Roanoke, VA. Slowly groups are coming back and we expect attendance this year to be at or near normal levels. MEAC cost has been lowered to make attendance accessible to teens and their family – that is where you come in. AFG groups and individuals have generously donated to the 'Love Scholarship' fund used to offset the full cost of the conference weekend.

Quote: I don't feel as if I'm falling apart anymore. Working the program is helping me to put my life back together. It's a good feeling—a "unity" inside myself—that gives me a chance to lend some solid support to the fellowship that's helped me "pick up the pieces" in my life. Alateen – A Day At A Time pg. 217
